How can I help you?

My clients tell me that I'm reliable, professional, fast, flexible, and I bring fresh ideas to the table. I understand the pressures you are under and I want to help take some of that pressure off. I want to get a grasp on your specific concerns and challenges and then provide terrific artwork that will make you look good for hiring me.

At my illustration studio I've worked on hundreds of client projects both as an artist and as a project manager supervising other artists. I've designed toys for Disney and Hasbro; created advertising comps for Coca-Cola, Walmart, Target and Best Buy; illustrated packaging for Crayola, Cocoa Puffs and Orville Redenbacher; supervised animation of Mr. Potato Head for the Hasbro website; and designed characters for *VeggieTales*. I've helped some big brands with a small-business personal touch.

Please [contact me](#) and let me know how I can help you on your next project.

"Cedric always comes up with the most fun and pleasing designs. He is always on time and brings a lot of expert experience to the table. He is always thinking of ways to give a little extra, too, while staying in the budget confines of the project."

Big Idea Productions*
