Bubbles went out for a swim with his friends
across the big ocean floor.
What did they find around the first bend?
A pirate ship to explore!

Behind some barrels they found a glass bottle.
Inside was an old treasure map.
Lulu said, "Hey! I know where this is!
Swimming there will be a snap!"

How can I help you?

My clients tell me I'm reliable, professional, fast, flexible, and I bring fresh ideas to the table. I understand the pressures you are under and I want to help take some of that pressure off. I want to get a grasp on your specific challenges and then provide artwork that meets your needs.

I've worked on hundreds of client projects both as an artist and as a project manager supervising other artists. I've designed toys for **Disney** and **Hasbro**; created advertising comps for **Coca-Cola**, **Target** and **Best Buy**; illustrated packaging for **Hasbro**, **Gogurt**, **Cocoa Puffs** and **Orville Redenbacher**; updated **Mr. Monopoly** for Hasbro; supervised animation of **Mr. Potato Head** for the Hasbro website; and designed characters for **VeggieTales**. I've helped some big brands with a small-business personal touch.

Please [contact me](#) and let me know how I can help you on your next project.
